

The Margin of Excellence

*"Good is the Enemy of Excellence" - Jim Collins, Author of **Good to Great***

Passion Point: There are times, at the margin, when a real leader must find the courage to go above and beyond compliance to do the right thing even if it means pushing the limits on the interpretation of a rule, procedure, or policy. People with a growth mindset aspire to "do great things" and not be paralyzed by a "just don't do anything wrong" mentality.

1. Describe a time in your life when you had to be a courageous person and servant leader at "**A Moment of Truth?**"
2. Describe a time when you went "**Above and Beyond**" in your personal or professional life and made a significant difference in someone's life or for a project at work?
3. Is there an issue in your life right now that would require "**The Margin of Excellence?**"
